This summer, the Falcon Theatre is excited to present the critically acclaimed and nationally renowned interactive children’s musical, *The Ohmies!* This unforgettable cast of colorful characters will have your family singing, dancing, and laughing as the entire audience becomes part of the show! Kids and adults alike will delight in the **hilarious fun** as the playful Ohmies sing **catchy world music**, teach life lessons and demonstrate basic **yoga for kids!**

Our story follows Penny Butterfly's predawn journey to surprise the sun. Along the way she and her butterfly friends encounter characters that help them learn essential life lessons—from taking time to smell the flowers to leaving The Worries behind. Each character represents a basic Yoga pose, like butterfly or downward facing dog. *The Ohmies!* is comprised of original music in various world styles, including African Percussion, Latin Salsa, Hip-Hop, Jamaican, and Traditional American Music with an Eastern Indian flair. So bring the kids, leave your worries behind, and catch the exciting new show that leaves audiences cheering and carefree— ***The Ohmies!*** (Recommended for ages 2 to 7.)
